

ROCK POINT

River Rock Red

Wine Analysis:

- pH - 3.87
- Titratable Acidity – 4.8/L
- Residual Sugar - 0.1%
- Alcohol – 12.9%

Tasting Notes:

River Rock Red exhibits aromas of red fruit, ripe cherry, forest, and vanilla. Flavors of plum, olive, eucalyptus and spice are present. Medium bodied, with round tannins, it finishes long and dry. Enjoy now !

Blend:

A blend of 34% Grenache, 24% Merlot, 23% Cabernet Franc, 10% Cabernet Sauvignon, & 9% Syrah

Winemaking notes: The long summer of southern Oregon allow us to grow Bordeaux and Rhone varieties. River rock red is a blend of this unique advantage. After a separate winemaking process the different wines are blended and aged together for several months. At tasting a light oak ageing can be perceived but the wines are mostly aged in stainless steel tanks before being finned and bottled.
